Im out to bark again, ball cracked on the target,
demolish it
Dont jump I what you see, nah, took a in then
Think while I jump back on the beat, I got need
audiences
To speak too like a leech, needs to retrieve blood
Should I creep into thesesounds with the speech?
Obvious
Witness the retardedness with several
You might need a coffin with holes on the top of these
to receive oxygen
You buried alive like a freak,
six feet, clawing and snatching and like a cat
And a dog and a rat, and a hog in a pen,
with a frog and all there is to eat
Is frog and they beat eat to a with nails, teeth and jaws
And then they fight to the death for at least a piece off
of them
See that you these all sleep in a coffin man
Im all all thats been, ever was at the start of it
You mention the squad and then you mention the god
of pens

flesh Im harder thansticking emcees off..
When I rap Im astonishing
Shockwaves what I make, got this bastard popping then
I spit on mywithout apology
Take shit on on shitpisses dont make glues
Throw it out to the whole fucking world to see through
Vomit and stomach fluid like you just ate shits stool
Did I say shit again? Do I give a shit, dude
or they if you like his hear
Swimming in this ocean no, he just moves
What Im trying to say is, its my motherfucking ocean
Built a bridge, the slumdum bridge
