I found your hairband on my bedroom floor,  
The only evidence that you've been here before  
And I don't get waves of missing you anymore,  
They're more like tsunami tides in my eyes  
Never getting dry, so I get high, smoke in the day then  
I sleep with the light on  
Weeks pass in the blink of an eye,  
And I'm still drunk by the end of the night  
I don't drink like everybody else,  
End up forgetting things about myself,  
I'm stubborn I'm forward heads just blocked  
My heads still with you but my hearts just not

So am I close to you anymore, now it's over  
And there's no chance that we'll work it out  
That's why you and I ended over U N I  
And I said that's fine, but your the only one that knows I  
lied  
You and I ended over U N I  
And I said that's fine, but your the only one that knows I  
lied  
Everybody said that we'll be together forever but I know  
that,  
I never wanna settle down, come around, break up the  
love like lego now,  
Never wanna turn into another like you,  
Sleep with my thoughts dance with my views,

Everythings great but everythings short,  
But you live in your halls and I live in a tour bus,  
Now I'm in position to be another staker and every  
thing I say seems to always sound akward,  
Like our last kiss it was perfect, but we were nervous,  
On the surface,  
And I'm always saying everyday that it was worth it,  
Pain is only relevent if it still hurts,  
I forget like an elephant, or we can use a sedative and  
go back to the day we fell inlove on first kiss

So am I close to you anymore, now it's over  
And there's no chance that we'll work it out  
That's why you and I ended over U N I

And I said that's fine, but your the only one that knows I  
lied  
You and I ended over U N I  
And I said that's fine, but your the only one that knows I  
lied

Because, if I was gunna go somewhere, I'd be there by  
now,  
And maybe I can let myself down, ohh  
And thinking I am unaware, I keep my feet on the  
ground, keep looking around, to make sure I'm not, the  
only one to feel low,  
Because if you want, I'll take you in my arms and keep  
you sheltered, from all that I've done wrong  
And I know you'll say, that I'm the only one  
But I know that god made another one of me to love  
you better than I ever will
