(John Lennon/Paul McCartney)

Here making each day of the year  
Changing my life with one wave of his hand  
Nobody can deny that there's something there  
There running my hands thru his hair  
Both of us thinking how good it can be someone is  
speaking  
But he doesn't know she's there

I want him everywhere and if he's beside me I know I  
need never care  
But to love him is to meet him  
Everywhere knowing that love is to share  
Each one believing that love never dies watching his  
eyes and hoping I'm  
Always there  
To be here and everywhere here there and everywhere  
I want him everywhere and if he's beside me I know I  
need never care  
But to love him is to meet him  
Everywhere knowing that love is to share  
Each one believing that love never dies watching his  
eyes and hoping I'm  
Always there  
To be there and everywhere here there and  
everywhere
