"High Sierra"

I've been higher than the High Sierra lower than Death
Valley must be
I've been right mostly wrong wrong about you right
about me

The way I feel can't explain so much passion turned to
pain
The sun still shines most of the time did you know the
sun shines when it rains
I've been higher than the High Sierra...
[fiddle]
I've been cussed and I've been praised and I've been
nothing these days
I'll come back time will see if I'm wrong about you right
about me
I've been higher than the High Sierra...
Wrong about you right about me wrong about you right
about me
