JUPITER RISING

WRITERS EMMYLOU HARRIS, PAUL KENNERLEY

Why don't you call me Do you think I won't answer
Jupiter's risin' And the moon is in cancer You been
down in the hunger baby I been around there too
Tonight you could be in the arms of The arms of a
woman who loves you You got your questions Maybe I
got an answer Or just the hands of a healer And the
feet of a dancer Yeah it's all in the wrists now baby And
when the aim is true There'll be no blink of the eyes
baby The eyes of this woman who loves you Heaven's
gettin' nearer Transmission gettin' clearer Now my love
Stars are fallin' over the ocean Come on and show a
little emotion now My love Why don't you call me You
know I'm gonna answer Temperatures risin' And the
moon is in cancer There's a road you can nde now baby
Out to that wild and blue It runs right thru the heart of
The heart of this woman who loves you Jupiter risin'
