There's a picture that I carry
One we made some time ago ("some time" not
"sometime")
When they ask who's in the picture with me
I say just someone I used to know ("used" not "use")

Just someone I used to spend some time with ("used"
not "use")
Just a flame that lost it's glow ("its" not "it's")
And I don't tell them how lost I am without you
I say just someone I used to know ("used" not "use")

Just someone I used to run around with ("used" not
"use")
Just a friend from long ago
I don't tell them all the nights I cry without you
I say just someone I used to know ("used" not "use")
I say just someone I used to know ("used" not "use")
