I'm not aware where you are, ...better get ready now
Put me in and plug me out, get it steady, break out
I like to shimmer and gold, shake it up with the dirty
mind
And I'm already up, oh, oh, automatic rock the dice
Rock me up in glamour, click your camera, camera
Take your dirty picture, one hot sister
Rock up and ... my feathers, strip in and shake it better
Take your dirty picture, picture, picture, picture

Up in here, we get it up in here
Shake it up in here, let's turn it up in here
Up in here, I'm getting up in here
Show some love in here, we getting up in here
Bang, bang, bang, bang
One hot pleasure, one hot pleasure, one hot pleasure

I'm gonna get deep in low, but beg your women now
Wrap it up and play it down, get it static down town
I love the glamour and gold, rush it up with the wicked
eye
So very Valentino, automatic paradise

Rock me up in glamour, click your camera, camera
Take your dirty picture, one hot sister
Rock up and ... my feathers, strip in and shake it better
Take your dirty picture, picture, picture, picture

Up in here, we get it up in here
Shake it up in here, let's turn it up in here
Up in here, I'm getting up in here
Show some love in here, we getting up in here
Bang, bang, bang, bang.
Oh baby, one hot pleasure, oh, take my picture
Oh, oh yeah, up, up, up, up, up, up, up, up, up, up, up
Up in here, we get it up in here
Shake it up in here, let's turn it up in here
Up in here, I'm getting up in here
Show some love in here, we getting up in here
Bang, bang, bang, bang, bang, bang.
