Hey
How you doin Love?
Some don't understand (don't understand)
How could they understand (how could they)
They don't believe in love
So why would they believe in us?
When everything changed (everything)
I had you (I had you, I had you)
When my life was rearranged (rearranged)
I had you (I had you, I had you)
When I hit rock bottom Babe (so low, I had you, I had you)
When I thought I'd been forgotten Babe
I had you (I had you, thank you)
When I faced all my fears (all my fears)
I had you (I had you, I had you)
And when I thought nobody cared
I had you (I had you, I had you)

And that's why:

Whatever you want from me you know you got it
(you got it Baby, whatever)
Whatever you need Baby you're gonna get it
(you know why)
Cause you got me foreva (and eva and eva)
Cause you got me foreva (and eva and eva)

In so many ways Baby (so many ways Babe)
You've helped me to grow (helped me to grow)
There are so many things love
You've helped me to know
If we did it all again Babe

I'd choose you
Cause there is no end

And that's why:

Whatever you want from me you know you got it
(you got it Baby, whatever)
Whatever you need Baby you're gonna get it

(you know why)
Cause you got me foreva (and eva and eva)
Cause you got me foreva (and eva and eva)

I can feel you in my soul
Your love it always shows
I can hear you in my heart
You never let me down
Together we will grow up - higher and higher
This lifetime is not the first lifetime
This lifetime is not the last lifetime
I'll neva let you down
This is a real love
A true love

That's why

(chorus)

We're never through
And that's why...
