I leave no trace behind  
And I won't say a thing, anything  
I take my things and go  
And i'll make sure to close the doors behind me

I'm desperately walking away so you'll know  
I'm not coming back even though I want to know

You said that I'd regret this

The secrets, the secrets  
They are pushing me away from you  
The secrets, the secrets  
They are pushing me away from you

You said that I'd regret this  
You're wrong i'll never forget this

As my steps lead the way  
Your colour turns to shade  
You're just a memory  
Emotion turns to sound  
My heart keeps beating loud  
And my feet hit the ground  
Faster and faster I'm running away

I'm desperately walking away so you'll know  
I'm not coming back even though I want to know

The secrets, the secrets  
They are pushing me away from you  
The secrets, the secrets  
They are pushing me away, pushing me away

So stay close, I'm about to explode  
So stay close, I'm about to explode

'Cause I'm desperately walking away so you'll know  
I'm not coming back even though I want to know

The secrets, the secrets  
They are pushing me away from you

The secrets, the secrets  
They are pushing me away from you  
The secrets, the secrets  
They're pushing me away, pushing me away

You said that I'd regret this
