You're starting to see it
You can't avoid the feeling
You're leaving without me
Here right before you go
Believing isn't seeing
You need to stop you're breathing
Open up your heart and my mind
Just let it go

I'm Shaking and breaking
My insides are seperating
I'm losing all of my sences
I fall to the ground
On my knees I'm gasping
Torn to the sky
I am rasping
Please reach down and take me out
As the world is crumbling down

CHORUS:

You're breaking me down
Into a million peices
I'm completed
You're breaking me down
Into a you can't see this
I don't need it

You're starting to see it
You can't avoid the feeling
I hope it eats at you
Until you just give in

In reason these four seasons
They prove there is proof to seek him
Please reach down and take me out
As the world is crumbling down

Chorus

This is all
That I have
To say to you

(repeat 3x)
