Just like a cancer, strong and slow, you black me out  
Your kiss, you lace with poison, your words, you lace  
with lies  
A picture breaks, you scream  
Darling, this could be us  
And now you've lost all your trust  
You're barely breathing

Dead eyes, are you just like me?  
My heart, my heart, my song, my song  
Go on and sail away  
End over end, you shock me  
My life, my soul, my rights, my wrongs, I can't feel  
anything

Farewell to the memories I feel tonight  
Lost and lonely, it whispers the sound  
Farewell to the memories I kill tonight  
Violence your soul brings  
Your pictures lay on the ground

Years pass and I'm gone  
It's too late to confess and cry  
I live with this curse, I walk in her shadow  
My heart breaks  
I swear, you fell apart at the seams  
You only know what this means when you're not feeling

Of a broken heart  
Silence the sound  
Of a broken heart  
Silence the sound
