I am the Deen you know
I am the Deen you need
I am the Deen you love
Please come back to me

He (satan) wants to bring you down, he whispers
everyday
You started on the path and he led you astray
I know you will come back, you never feel at peace
You're searching for the truth to put your mind at ease
You know you're missing me, I know what you've been
through
When we meet again, we have a lot of work to do

I am the Deen you know
I am the Deen you need
I am the Deen you love
Please come back to me

Your life had just begun, I helped to raise you up
You thought it'd be easy but your life turned out to be
rough
You thought I let you down, I never let you go
I'm worried ?cause you left me and you didn't even
know
You know you're gonna die, who knows when that will
be
Before you meet Allah you should come back to me
I am the Deen you know

I am the Deen you need
I am the Deen you love
Please come back to me
People coming back, People coming back

To Islam, people are coming to this Deen
To Islam, you are invited to this Deen
