[Chorus]

I don't need to get high, some people do and some  
people die

The life that I live may not be that long  
But while I'm alive I'll be healthy and strong

I think it's cruel and inconsiderate  
When people huffin' and they puffin' on a cigarette  
Then blow the smoke in the area that I breathe  
Sometimes they blow it in my face when they talk to me  
I'm not trying to tell you that you need to quit  
But you need to show respect for the one you're with  
And if that's an individual who doesn't smoke  
You need to put the cigarette out before they choke  
You started smoking 'cause you thought that it was  
cool

Now you addicted and you don't know what to do  
Yeah you addicted to a drug baby that ain't smart  
Because it collapses your veins damages your heart  
And your lungs are getting blacker than you've ever  
seem  
That's the effect of tobacco and nicotine  
See what I mean

I don't need to get high, some people do and some  
people die  
The life that I live may not be that long, but while I'm  
alive I'll be healthy and strong

Ain't no wisdom in that alcohol  
They say, "Do you want it?" and I say, "Not at all?"  
They tell me that I need to take a drink to be cool  
I tell 'em, "Man, I'm already cool. What's up with you?"  
Now is you crazy or is it that you didn't know  
That every time you drink the alcohol you loose control  
Become abusive to all the people that you love  
After your buzz, can't remember what you thinking of  
Oh yeah that drug ruins people and their families  
They want it to happen to me but that's a fantasy  
How can this be? I'm feeling pressure from the left and  
right

I'm watching TV and they tell me to drink Bud Light  
Wasn't subliminal I got the message loud and clear  
They want me spending all my money on a can of beer  
They must be crazy trying to trick me like some kind of fool  
They get me laughing at those frogs and iguanas too  
Now is it true that if I drink I'll be the man?  
No, that's a lie, so me I got a different plan  
So understand that my mind sees reality  
Like Mortal Combat can you say ?Fatality?  
Them tactics work on other people they don't work on me  
Being drug free is the way that I want to be  
Say it with me

I don't need to get high some people do and some people die  
The life that I live may not be that long, but while I'm alive I'll be healthy and strong

I don't smoke, I don't drink, I don't need  
To get high, I don't mess with the weed  
And my heart bleeds when I see my people on their knees  
Beggin' like they got an incurable disease  
Addictions start with a sip of a drink, one puff of a smoke  
So the people need to think  
And I do, so do you and your crew  
When they push drugs on you what you gonna do? SAY

I don't need to get high, some people do and some people die  
The life that I live may not be that long, but while I ?m alive I'll be healthy and strong
