Asalaatu Alannabe, Wasalaam Alarasool  
Walanbiyya el-Mursaleen,  
Kulluhum Salooalay

[Chorous]

Prayers To Allah be on Nabi  
The messenger may peace be on thee  
And all the prophets sent to mankind  
We pray for each and everyone

Before he was born the Pharaoh wanted him dead  
Nobody killed him he floated up the river instead  
Not a scratch on his body and no blood did he shed  
Ended up at the house of the man that wanted his head  
They didn't know, they raised him as a child of their  
own

He was treated like a king up until he was grown  
He protected a slave with one hit to one man with one  
hand  
Killed him by mistake so that's when he ran  
Drawn to a burning bush and spoke with the Greatest  
Who told him go right back to Pharaoh and make sure  
that you say this:

You tell ?em that you are a Messenger a Prophet of  
Mine

That I am the Divine and I am sending you with My  
signs

Pharaoh did decline, he rejected all 9 of the signs  
Musa (Moses) said it's time, his people had to run to  
the sea

Split it in half with his staff, Pharaoh drowned in the  
wrath

Musa's people started worshipping a golden calf  
Threw the tablets down because he was mad  
It's sad that his people made him miss the Promised  
Land

But he's still one of the 5 greatest Prophets in Islam

[Chorous]

Prayers To Allah be on Nabi  
The messenger may peace be on thee

And all the prophets sent to mankind  
We pray for each and everyone

From average beginnings  
Come above average endings  
A simple du'a to have righteous descendants  
From a mother, to a daughter who would soon give  
birth to a son  
And right there  
Miracle number 1  
No father did he have to help conceive his birth  
No other child would have this status here  
on this planet Earth  
And what's that phrase  
From out of the mouths of babes  
Schooling cats at a very young age  
The sweetest of his breath bring life to birds of clay  
Curing the blind so they could see a brighter day  
Where Islam reigned supreme and the dunya gave way  
Evil will be vanquished if strong the Muslims stay  
Amongst his crew he asked the true to proclaim who  
they are  
NAHNU ANSARULLAH (We are the helpers of God)  
So Native Deen lets tell the people right now who we  
are  
NAHNU ANSARULLAH  
Healed those with leprosy raised the dead so we could  
see  
No limit to the will of Allah and Allah's mercy  
But the heedless they scammed  
Plot and they planned  
You may have gotten the body  
But you did not get the man  
He was raised to Allah to soon return again  
Easy comes His mercy to the righteous Mu'min &  
Mu'minah  
So Prophet Isa (Jesus), I hope that they see  
Why we sing this for thee

[Chorus]

Prayers To Allah be on Nabi  
The messenger may peace be on thee  
And all the prophets sent to mankind  
We pray for each and everyone

570 was a time like no other  
A baby was born to a poor widowed mother  
Was raised by his uncle in the sands of Arabia  
Known in the town by his upright behavior  
Always doing favors for the poor and the neighbors  
A true life saver when their problems were major

Khadijah his boss he would soon marry later  
Check the love that she gave him and the love that he  
gave her  
At 40 years old, according to the Seerah in a cave  
called Hira  
On a spiritual retreat, he would meet Jibraeel (Gabriel)  
Angel Gabriel on the real  
Holy Book of the Quran he had come to reveal: ?Read  
in the Name of your Lord Who created?  
And thus began a message from Allah dictated  
at 622 the Prophet made the Hijrah  
Migrated to a place where the people got the picture  
He could teach about Allah without his people being  
beaten  
His folks back in Mecca couldn't stand all the preaching  
So they planned an attack, the Muslims fought back  
?cos they ain't the type of people who sit back and get  
sacked  
But the Prophet wanted peace, they agreed upon a  
truce  
For years there was peace, to teach about the truth  
but the Meccans broke the treaty so the Prophet  
conquered Mecca  
The Prophet brought peace, was not even a speck of  
bloodshed when he came and met his old foes  
It's the mercy and the wisdom that the Prophet always  
shows  
A man of justice, equality and love  
On him we pray for peace and the blessings from  
above.

[Chorus]

Prayers To Allah be on Nabi  
The messenger may peace be on thee  
And all the prophets sent to mankind  
We pray for each and everyone
