Waking up in the morning, gotta make my prayer
Am I really gonna' make it, when there is no one there?
Taking trips to the masjid (mosque), even when it's
tough
Am I going for the sake of Allah? Am I showing off?
Gonna' get me the knowledge, gonna study Islam
Am I going just to build my ego? so they call me
Does it matter if the people respect me, when its not for
Allah?
When I know anytime He can take me, without one real
du'a (prayer)
Does it matter if they say I'm a big shot?
when I get no reward for my deeds
And I'm dragged on the Day of Resurrection
Cause of the folks that I wanted to please
Plus I know that Allah has the power
To raise me up in their eyes if it need be
I should always make my intentions, for my Lord, Allah
completely

[Chorus]

Are my Intentions alright?
Am I doing for Allah?
When I'm looking deep, deep down inside
Do I have the right niyyah?

Wearing thoubes with a kufi, kufi
Miswaks leather socks like the old days
Am I trying to follow the Prophet? or am I seeking
praise?
Giving talks on Islam to people
I'd be quoting Hadith and Qur'an
Am I speaking so they like how I'm speaking? and they
say I'm
Donating to Islamic centers, giving money so the Deen
can grow
Am I giving for the sake of Allah? or is it for show?
Many times I have found my intentions
Are not what I want them to be
I know I start on the right direction
But Shaitan starts talking to me

And I forget that without my niyyah, I'm just wasting my
time
My intentions cannot bring the reward, when they're out
of line
So I pray to Allah to help me, to do everything for Him
only
Doesn't matter if the people despise me
Cause with Allah I can never be lonely

Yah Allah, accept this niyyah
Coming from young Muslims striving to be believers
So on the day, our deeds You'll measure. Know we only
did this strictly for Your pleasure, Your pleasure
Your mercy, Your ajur (reward), Your Jannah (heaven),
forever and ever and ever
And reward us for those who listen
Heeded to the message, changing their condition
And know that everything up until this point I've ever
written
I submit as my repentance
And if its blessings You're sending my way
I beg You hold them to the judgement day
so maybe in Jannah you can look back and say...it was a
lovely day, a lovely, a lovely day, yes a lovely day
Are my intentions, alright, am I doing for Allah
When I am looking deep deep down inside, do I have
the right niyyah (intention)?

[Chorous]
Are my Intentions alright?
Am I doing for Allah?
When I'm looking deep, deep down inside
Do I have the right niyyah?
