Steps out side, into the scorching heat  
The well is dry, the children cry  
And the lands they claim defeat

Oh my father, is it evil that we've done  
He smiles at the child with faith in his eyes  
Inshallah the rains will come

This I know, his mercy must be won  
Just open your heart, this is the start  
Inshallah the rains will come

On him I swear, his will must be done  
Like tears from your eyes, pearls from the sky  
Inshallah the rains will come

Father gathers, the people for their eyes to see  
That if they combine their hearts and their minds  
They will turn the deserts green

Side by side, they stand in the burning heat  
They pray to the one that brought them the sun  
To make the heavens weep

This I know, his mercy must be won  
Just open your heart, this is the start  
Inshallah the rains will come

On him I swear, his will must be done  
Like tears from your eyes, pearls from the sky  
Inshallah the rains will come

Like tears from your eyes, pearls from the sky  
Inshallah the rains will come

Will come  $\text{آق}\text{آ}\text{آ}$ ! Shower your mercy and wash away  
the sun

Will come  $\text{آق}\text{آ}\text{آ}$ ! Pour down your blessings until the  
drought is gone

Will come  $\text{آق}\text{آ}\text{آ}$ ! Soak up our tears and let the rivers  
run

Will come  $\text{آق}\text{آ}\text{آ}$ ! Please answer your servants, Allah

almighty one

This I know, his mercy must be won  
Just open your heart, this is the start  
Thank God that the rains have come

On him I swear, his will has been done  
He dried the tears from our eyes, pearls from sky  
Thank God that the rains have come  
He dried the tears from our eyes, pearls from the skys  
Thank God that the rains have come
