Lying here, watching stars, feeling tears running down
my face

Wishing you, wishing I that we were here

Holding hands

Ah-ooh you lift me higher

Without you the sky's on fire

I don't want to be alone anymore

I just can't describe

How it feels to get close to you

Oh-oh-oho, Oh-oh-oho

Like a rainbow

The night is beautiful

The stars are brighter than ever

And yet I stand here all alone

Watching the waves crashing

Ah-ooh you lift me higher

Without you the sky's on fire

And it burns and it turns

My heart to ashes

For I won't bear to not share the night

I don't want to be alone anymore

I just can't describe

How it feels to lay close to you

Oh-oh-oho, Oh-oh-oho

Like a rainbow

I heard a voice through a seashell

Singing I belong to you

And when I look into your eyes I can tell

That you've come to love me too

I don't want to be alone anymore

I just can't describe

How it feels to get close to you

Oh-oh-oho, Oh-oh-oho

Like a rainbow

Hold me now
A-Oh, A-Oh, how you feeling now?
Hey you, hey you, do you feel like I?
Whatcha gonna do, whatcha gonna say?
Standing under that burning sky
I can see you looking over
It's me!
