I am not the one who chose this fight
but I won't back down when I know I am right
someone tried to seduce my mind to follow the crowd
I lost my way but I'm back again
that one day was the moment when
I stood my ground
now I know it's time
to get up and shout

Let me make a long story short can't live my life as a
last resort

Im living my life like Im dying
they won't give you credit for trying
Im taking the road less traveled
so what if it all unravels?
Just leave them behind and
they will see.....

you'll never stop me

Now I don't know where the road might lead
but you've got no trees if you plan no seeds
if I don't try I guarantee I am losing my mind
I got this dream as a place to start
and I won't back down cause I know my heart
if you don't do the things you love wasting your time

Let me make a long story short can't live my life as a
last resort

Im living my life like Im dying
they won't give you credit for trying
Im taking the road less traveled
so what if it all unravels?
Just leave them behind and
they will see.....

let me make a long story short...
a long, long story...

Let me make a long story short

can't live my life as a last resort

no,no,no...

Im living my life like Im dying
they won't give you credit for trying
Im taking the road less traveled
so what if it all unravels?
Just leave them behind and
they will see.....

you'll never stop me!
