Verse 1:

When we started we were only friends.  
There's no tellin where this story will end.  
You lit my lips and set my heart on fire,  
Steal my car and burn the rubber of the tires.

Chorus:

You put the S right back in my soul.  
You put the tingle right back in toes.  
Why dont we finish what we started tonight?  
'Cuz im gonna love you for the rest of my life.

Sing it to me now, yeah. Oh, oh, oh.

[ One more time, one more time. ]

Verse:

Think its funny but it feels alright,

When ever you're around you make the moonlit night.  
I know you may not be what you seem,  
I swear you're on the cover of a magazine.

{Chorus}

[Br, br, br, br, break, break it down]

She got me started, you put the, put the (x4)

{Chorus}

For the rest of my own life. Yeah, yeah.

Oh baby, baby. Don't stop, don't stop, don't stop, don't stop.
