And just like that, she's gone in a minute  
And she aint coming back, she's gone in a flash  
Now, we don't know what she said what went wrong  
And now, your all alone, wishing she would come home

So you write her a love song  
Put your heart on the line hoping that she'd be yours  
again  
But you know that you'll never see her face  
Everything you had, gone in a flash

In a flash, she's gone without a trace  
In a flash, she threw it all away  
Looking back, we made a few mistakes  
I know it must be fate that's why they say  
She's gone in a flash

Razah  
She was my baby (that's right that's right)  
But just like that she disappeared without a trace  
(I-I-I)I driving me crazy (that's right that's right)  
I need her (I need ya)  
I want her (I want ya girl)  
She's all in my head now (She's all in my head now)  
I don't know what to do or how...  
To get myself through this (This baby)  
I just wanna scream out loud!

In a flash, she's gone without a trace  
In a flash, she threw it all away  
Looking back, we made a few mistakes  
I know it must be fate that's why they say  
She's gone in a flash

(Oh) And now she's gone in a flash  
(Oh) She's never coming back  
(Never coming, never coming)

So if you've got a lover don't let em go  
I want you to hold em, and let em know  
There's no one that makes me, you wont break me  
down

Cos once that there gone, they'll be gone in a flash

In a flash, she's gone without a trace  
In a flash, she threw it all away  
Looking back, we made a few mistakes  
I know it must be fate that's why they say  
She's gone in a flash
