Carolyn let me tell you what I've heard about a man
today
He didn't come home from work and he went away
Till he came to a city bright in the nighttime like day
There they say he met up with some women dressed in
yellow and scarlet
Their warm lips like a honeycomb dripped with honey
And something about the smell of strange perfume
made him feel warm and not alone
Yes Carolyn a man will do that sometimes on his own
and sometimes when he's lonely
And I believe that man might do that sometimes out of
spite
But Carolyn a man will do that always when he's treated
bad at home
[steel]
Yes Carolyn a man will do that...
