God will walk with me down the streets
Where no one else will walk
God will talk with me 'bout things of which
No one else will talk

When no one else will walk
And no one else will talk
When no one will, God will

God will bear with me the little worries
No one knows are there
God will care for me whenever
There is no one else to care

When no one will be there
And no one else will care
When no one will, God will

God will talk with me when friends forget
And fail to understand
God will strengthen me when I am weak
And need a helping hand

When no one understands
Or lends a helping hand
When no one will, God will
When no one will, God will
