I know I'm not your first love they're just a past memory  
For I'm the one that's got you now and that's all that  
matters to me  
I know other arms have held you but I'm not jealous of  
these  
For mine are the arms that hold you now and that's all  
that matters to me  
I came alive when you came along you brought life  
back to me  
And I don't care what's in your past you're as far as far  
as I can see  
I know other lips have kissed you and I know you've  
been thrilled and pleased  
But mine are the lips that kiss you now and that's all  
that matters to me  
And that's all that matters to me
