I'm very happy, Hodel
Very happy
I will write you a note
Saying
Pack your things
Any day now
Any day
And we'll sit and we'll smile at our
Wedding rings
Any day now
Any day
For our forestalled hopes will be fulfilled
Together what a clean and shiny world we'll build
For the dust and decay will be
Swept away
Any day now
It will happen
Yes, the river will rise and the
Dam will burst
Any day now
Any day
And the first will be last and the

Last be first
Any day now
Any day
When a million of hands will be untied,
A million doors and windows will be opened wide
And the chains will be snapped and the
Whips be burned
And the
Swords be turned into plowshares
Any day now
Any day
And the first will be last and the
Last be first
Any day now
Any day
When a million hands will be untied
A million doors and windows will be opened wide
And the storm will subside and the
Thunder cease

And the
Sound of peace shall surround us
Any day now
Any day
