I could tell by the way she held me
(By the way she held me)
That she was looking for love
(She was, she was)
a beautiful woman, living her life
but how lonely she was
(So lonely so alone)
I can tell by the way she glanced at me
(I always caught her staring)
She was she was a little afraid
(So scared)
Afraid of expressin her true feelings
but her body language always gave it away
(Gave it away)

I wish i could be the man she ran too
(man she ran too)
I wish i could be the man she yearned for
(She yearned for)
I wish i could be the man she dreamt of
I wish i could be the be the one
(Be the one)

I could tell by the conversations
That she was willing to grow
(She was willing to grow)
Take the time out to learn things
(I show)
and id take the time out to show
and i could tell by the long good byes
She never really wanted to leave me
(She never really wanted to leave me)
and i could tell you alot of things
I think I know
(I think i know)
but i wouldnt be sure til she tells me
(Tells me)

(If only)
She's given and gives herself to me
These visions are more than make believe
if only i had a chance

I wish to simply help her understand
(I wish)
we were more than friends
i wish too make the aching end
(Oh i wish)
if only she could see
(I wish)
i wish
if only

I wish i could be the man she ran too
I wish i could be the man she yearned for
(She yearned for only me)
I wish i could be the man she dreamt of
(In her dreams she ran to me)
I wish i could be the be the one
(Be yur number one, be your number one)
Be the one
(Be yur number one, be your number one)
Be the one
