I could taste the salt  
in her kiss  
it filled the pain balled up in her fist  
never thought id be  
the man to make her feel like this no  
i never thought Id leave her alone

(Never alone)  
Alone no  
(never alone)  
Never thought id be the man to make her feel like this

i could feel the shivers  
feel this greif  
it was once within us  
but now it's deceats  
never thought id be  
the man to unroutines  
i never thought id be the man to leave my home

(Think, Think, think)  
all day long  
(Think think think)  
why why (why couldnt i be stronger)  
Never thought id be the man to unroutines

it was her belief in me  
then made me a man  
her constant considering  
you think id see  
wat she truly needs  
but now im all alone

(Think, Think, think)  
all day long  
all i do is think of you  
why couldnt i be stronger  
how i messed up oh  
i never, never woulda seen it like this  
if i could i go back  
i wish  
change the time

gain peace of mind  
if i could go back  
change the time  
i would gain some peace of mind

Peace of mind  
baby, im sorry  
for what i've done wrong
