Anna has lots of problems,
and some she wants to forget
I'm trying hard to solve them
Just makes her so upset
Vials for bottles, and Pleasure for pain,
but Tomorrow she'll have to wake up,
and Face it all again.
One day came a tragedy
that Euphoria couldn't withstand
Well, Anna had to embrace reality
and Take it by the hand
She felt a little uneasy,
the world looked kinda weird
But soon she was embracing,
everything that she feared
Anna don't forget,
there's always someone who loves you
Anna don't forget,
You don't ever have to feel that way again.
It's been three years since then,
and she's doing fine
Amazing what you can do,
when you clear your mind
But sometimes when she's tired,

she hears the monkey's call
Just pick yourself back up on your feet, girl
And you won't hear him at all, no, no

Anna don't forget,
there's always someone who loves you
Anna don't forget,
You don't ever have to feel that pain again.
Anna don't forget
there's always someone who loves you
Anna don't forget
You don't ever have to feel that pain again.
(No, No, No, No, No, No, No, No, No)
Anna don't forget,
there's always someone who loves you
Anna don't forget,
you don't ever have to feel that pain again

No, no, no Don't feel that pain again
Anna don't forget,
you don't ever have to be that way again
No, no, no, no, no, no
