Hey baby, I got to be your man
When I start thinking about you,
Lying in the sand
Cause it's that Burn N Love
That makes me understand
Now people, listen to what I say
You got to love your women,
Each and every day
Cause it's that Burn N Love,
That makes me want to sing
Yeah it's that Burn N Love
That makes me want to play
(play it Larry)
Hey sugar, you keep me hanging on
And I keep thinking about you,
Rockin with my song
Cause it's that Burn N Love
That keeps us going strong,

Yeah it's that Burn N Love
That keeps us going strong
(Got it going all night long)
Cause it's that Burn N Love yeah,
That strong Burn N Love
That Burn N Love yeah,
Strong Burn N Love
We got it going strong now,
Rockin all night long
It's that Burn N, Burn N, Burn N, Burn N Love
It's that Burn N Love yeah,
That strong, strong Burn N Love
We got it going strong now,
We're going all night long
And it's that Burn N Love
