It's been ages since I learned, something new about
you
It's been years since I surprised you.
Maybe we should take a step back, to get on the right
track
Before we turn around and realize we're through.
Chorus:
Couldn't we forget ourselves, couldn't we forget
ourselves
Couldn't we forget ourselves for just one night
Couldn't we forget ourselves, couldn't we forget
ourselves
Couldn't we forget ourselves for just one night
We both know this fire is growing cold
But it's up to us to keep our love from getting old.
Well I won't go quietly if I know that you still love me.
And if you're not afraid of being bold

Chorus:
I know it's just a fantasy, to forget about you and me.
Maybe it will help us escape this familiarity.
Why don't we give it a try, just wipe the cobwebs from
our eyes,
And see each other again with new clarity
I know it seems as if we've known each other all our
lives.
But couldn't we forget ourselves for just one night?
Chorus:
