These things I've tried to say to you, for a long time  
I've wanted to do a song for you, for a long time  
Did you know that you're the only one, I ever needed to  
impress  
You're the one that matters most  
Sifted though the sand of time, for the perfect  
monument  
Searched the depths of my soul, for the perfect  
sentiment  
The perfect thing to say and the words they come now  
The words the come right now  
For you, just for, just for you  
And I'll bear it all to you, all the good and the bad  
And I'll give my thanks to you, for the life that we've  
had  
And you know I'll renew my vows, you know I'll renew  
my vows

To you, just to, only you  
For you, just for, just for you  
These things I've tried to say to you, for a long time  
I've wanted to do this song for you, for a long, long  
time  
Did you know that you're the only one, I ever needed to  
impress  
You're the one that matters most and I'll do this  
For you, just for, just for you, just for, just for  
I've finally done this for, just for, just for, you
