Crazy, like a thief in the night
Waiting, to strike when it's right
If I give a little, Just a little of my time
I can make the difference in my life
Lovely, the stars in the sky
Amazing, the sparkle in your eyes
And oh if you give a little, Just a little of your time
You can make the difference, in your life
Chorus:
The power of one, in a million
The power of one, in my life
The power of one, in a million yeah
The power of one, in my life
Oh in my life, oh in my life, in my life

Costly, the mistakes of yesterday
Caring the birth of a new day
And oh if we give a little, Just a little of our time
We can make the difference in our lives
Chorus:
The power of one, in a million
The power of one, in my life
You're my one in a million
And you bring meaning to my life
To my life, into my life, into my life
