Verse 1:

Grey skies, and McDonald fries on your way home
Playing in the rain alone
You're going have to learn to ride your new bike
All on your own..
Because now your the man of the home

Chorus:

Momma's Never going to tell you lies
And it's okay for boys to cry
Daddys going now so say bye bye.

Verse 2:

You're going to have to find new games to play
Yoy're going to have to find new men to imitate
Now that he's away
You find him in the MTV stations
You find him in the magazine pages
Go on and take your pick

Bridge:

Dry Mummy's eyes and.. tell her it's alright and
Your going to be here to the end
Apart from 2nd week-ends

Chorus:

Momma's never gonna tell you lies
And it's okay for boys to cry
Daddy's going now so say bye bye.

Verse 3:

So go do your homework and go brush your teeth
Because you know you're going to see him when you
sleep
And sometime these dreams seem just out of reach
And when you wake up his shoes are still to big for your

feet

So go on walk your way, go on walk your way
So go on walk your way, go on walk your way...

Chorus x2:

Momma's never gonna tell you lies
And it's okay for boys to cry
Daddy's going now so say bye bye.
