WE ARE NEVER GONNA FALL

Then again I'll say

Then again I'll say

Dear lord here I come

Savior here I come

In the raging storm we are never gonna fall

Never gonna fall

.....

In the stormy seas, our ships will never sink

Ships will never sink

Ships will never sink

There've been mountains, valleys

Rainstorms through the valleys

Dragons and tigers crouching within the valleys

My walk has been a struggle like marathon full of
hurdlesI keep my ground & survive throughout the jungles of
miseries:-but deep within I steadfast and believin' still

Life is a journey and my walk is Heavenly

Hopefully will live to see that day, beautifully,

Me by Him in His arms so tenderly

In the raging storm we are never gonna fall

Never gonna fall

.....

In the stormy seas, our ships will never sink

Ships will never sink

Ships will never sink

Wow

Walkin that path again

Roads marked with swords

The moon gleamin', wind swayin', leaves doubts on my
soul

The word spoken, this road my heart has chosen

I'm standin' on the Brightside hear my song bangin'

Bangin' & bangin' no stoppin' me forever blazin'

Many live life once, I'm a cat with seven lives

Take two, I keep five

Take six, I keep one

Rip me of my best friend In lines I'll drop rhymes
But again earth ain't the store
That's why I come here and say this same thing again!

.....

.....

Chorus till fade
