Everything I say and do
Everything I am it's cause of you
I'm so sure that what we have is true
That's the reason why we gotta see this through
All my boys they tell me to leave you alone
Now that you're gone just let you go
But I can't because I know
Deep down inside that you, you love me too

You build me up just to tear me down
Tell me I'm the one then you run around
I just can't give up on you, no not now
Cause I know you'll come back to me
(I know you'll come, I know you'll come)
You build me up just to tear me down
Tell me I'm the one then you run around
I just can't give up on you, no not now
Cause I know you'll come back to me
(I know you'll come, I know you'll come)
I know you'll come back to me
(I know you'll come, I know you'll come)
I know you'll come back to me
(I know you'll come, I know you'll come)
I know you'll come back to me
(I know you'll come, I know you'll come)
Say I know you'll come back to me

Fall off your back and give it time
Cause I know for sure that you are fine
There's always gonna be another guy
But there's no other love that can compare to mine
All my friends say I'm delusional, crazy in love
But girl I know no matter where the story goes
You know in me you'll always have a home
But I know that you're my destiny baby baby
I feel it when you're next to me baby baby
When we touch it's ecstasy baby baby
I'll never let you go

You build me up just to tear me down
Tell me I'm the one then you run around

I just can't give up on you, no not now
Cause I know you'll come back to me
(I know you'll come, I know you'll come)
You build me up just to tear me down
Tell me I'm the one then you run around
I just can't give up on you, no not now
Cause I know you'll come back to me
(I know you'll come, I know you'll come)
I know you'll come back to me
(I know you'll come, I know you'll come)
I know you'll come back to me
(I know you'll come, I know you'll come)
I know you'll come back to me
(I know you'll come, I know you'll come)
Say I know you'll come back to me

The things we do for love are crazy
But I don't care how long it takes me
As long as the sky is blue, baby I will wait for you

You build me up just to tear me down
Tell me I'm the one then you run around
I just can't give up on you, no not now
Cause I know you'll come back to me
(I know you'll come, I know you'll come)
You build me up just to tear me down
Tell me I'm the one then you run around
I just can't give up on you, no not now
Cause I know you'll come back to me
(I know you'll come, I know you'll come) back to me
I know you'll come back to me
(I know you'll come, I know you'll come) back to me
I know you'll come back to me
(I know you'll come, I know you'll come) back to me
I know you'll come back to me
(I know you'll come, I know you'll come)
Say I know you'll come back to me
Back to me
