How long has it been,  
Since he started taking you for granted  
It's gotta be a sin  
And nobody wins  
I can't believe I let him have it  
Girl you must not know, oh  
How far you could go, oh  
Without him riding on your coat  
You should take it off  
Tell him to get lost  
It's 'bout time you know

You're one of a kind  
You take a lifetime a lifetime to find  
You're a diamond in the rough  
Baby you should be mine  
And I'll let you shine  
You're my diamond lover  
(x2)

The best that I've seen  
Straight out of my dreams  
The perfect sapphire  
A piece saved for me  
The most beautiful ring  
With me girl you can fly  
Girl you must not know, oh  
How far you could go, oh  
Without him riding on your coat  
You should take it off  
Tell him to get lost  
It's 'bout time you know

You're one of a kind  
You take a lifetime a lifetime to find  
You're a diamond in the rough  
Baby you should be mine  
And I'll let you shine  
You're my diamond lover  
(x2)

And if you could see my love  
All the things we could be my love  
We could walk out across the ocean  
Part the seas my love  
And if you could know my love  
You're like silver and gold my love  
When I'm with you girl I lose all control

You're one of a kind  
You take a lifetime a lifetime to find  
You're a diamond in the rough  
Baby you should be mine  
And I'll let you shine  
You're my diamond lover  
(repeat until end)
