Sometimes i fuss and i fight with you, sometimes i can  
act like a fool  
but ain't that how love suppose to go..  
Sometimes you trip and flip through my phone  
Don't believe me that no one's home, When you call me  
and i say  
im alone, alone.  
So disfunctional, they say we're too emotional, they  
say..  
they don't understand, thats what real love.. feels like

They say we're good in flames, and never make it gold  
but i know if we try then there will be love  
Shining on me and my end and you will still be mine  
and i'll be your man, so girl if you can..  
Hold onto my hand, onto my hand  
Hold onto my hand, onto my hand  
Hold onto my hand, we'll be flying  
Hold onto my hand, if you try and  
Hold onto my hand..

Love is patient but love is work and when there's fire  
you might get burned,  
but damn i wouldn't change a thing  
because the best thing inside of you  
Makes my everyday brand new, and i thank god  
everyday  
for sending his angel to me..  
So disfunctional, they say we're too emotional, they  
say..  
they don't understand, thats what real love feels like

They say we're good in flames, and never make it gold  
but i know if we try then there will be love  
Shining on me and my end and you will still be mine

and i'll be your man, so girl if you can..  
Hold onto my hand, onto my hand  
Hold onto my hand, onto my hand  
Hold onto my hand, we'll be flying  
Hold onto my hand, if you try and  
Hold onto my hand, onto my hand

Hold onto my hand, onto my hand  
Hold onto my hand, we'll be flying

Hold onto my hand, if you try and  
Hold onto my hand and save your breath cause  
through the fire we go, but i know how to survive  
with you by my side  
we got to fight this stronger and then they'll ever know  
the kind of love that you cannot control...

They say we're good in flames, and never make it gold  
but i know if we try then there will be love  
Shining on me and my end and you will still be mine  
and i'll be your man, so girl if you can..  
Hold onto my hand, Hold onto my hand  
(They say we're good in flames, and never make it  
gold)  
Hold onto my hand, Hold onto my hand  
(Shining on me and my end and you will still be mine)  
Hold onto my hand, Hold onto my hand  
Hold onto my hand, hold onto my hand
