[Verse 1:]

Thought this was the love that I wanted
But in the end it was haunted
You're not the girl that I wanted you to be

[Pre-Chorus 1:]

But I can't shake this image of you
My dream of love finally coming true
Though I know it's fantasy
My heart still wants to believe

[Chorus:]

I hope you know it hurts like crazy
Cause you don't really love me baby
Hope you know it hurts like crazy
How you're keeping me hanging on

And it hurts and hurts and hurts me
How you're driving, you're driving me crazy
[X2]

[Verse 2:]

I see the smile that you're faking
I feel my heart steady breaking
I convince myself that one day you'll come around

[Pre-Chorus 2:]

But I know you won't just tell me now
So I can try and move on somehow
I know you're trying to spare my heart
But you're just tearing me apart

[Chorus]

[Bridge:]

Do me a favor tell me it's over
Leave me behind
So I don't have to wonder
Don't leave me hanging
It's hurts more than you know
If you ever really loved me let me go

[Chorus]
