I, I don't mean to hurt your pride  
I know I can't change your mind now  
But you lied now  
I'm here in a mess of all my tears  
I assumed you were sincere girl  
You were clear girl

I could be the one that you would need in all your life  
If you don't tell me what's wrong, how can I make it  
right  
Now you're back with him, the one who always made  
you cry  
You know that ain't love, I guess you don't really mind

I wish you'd love me this way  
I wish you'd beg me to stay  
I wish you'd tell me you needed me and miss me  
everyday  
I wish you'd open your eyes  
I wish you'd see what's inside  
Cause if you really knew what's best for you  
Then you would still be mine  
And I wish you would (I wish you would)  
I wish you would (I wish you would)  
I wish you would (I wish you would)  
I wish you would (I wish you would)  
I wish you would

You know it's just hard to let you go  
Knowing how he hurt your soul girl  
But you're grown girl, I see  
Girl you say you're finally free  
You are the epitome  
Of lost in love

I could be the one that you would need in all your life  
If you don't tell me what's wrong, how can I make it  
right  
Now you're back with him, the one who always made  
you cry  
You know that ain't love, I guess you don't really mind

I wish you'd love me this way  
I wish you'd beg me to stay  
I wish you'd tell me you needed me and miss me  
everyday  
I wish you'd open your eyes  
I wish you'd see what's inside  
Cause if you really knew what's best for you  
Then you would still be mine  
And I wish you would (I wish you would)  
I wish you would (I wish you would)  
I wish you would (I wish you would)  
I wish you would (I wish you would)  
I wish you would

And I, I never thought this would happen to me  
Cause I thought our love was true  
There's only you to blame for all the hurt and pain  
Going up in flames, I'd like to be your rain  
And shower love on you

I wish you'd love me this way  
I wish you'd beg me to stay  
I wish you'd tell me you needed me and miss me  
everyday  
I wish you'd open your eyes  
I wish you'd see what's inside  
Cause if you really knew what's best for you  
Then you would still be mine  
And I wish you would

I wish you'd love me this way  
I wish you'd beg me to stay  
I wish you'd tell me you needed me and miss me  
everyday  
I wish you'd open your eyes  
I wish you'd see what's inside  
Cause if you really knew what's best for you  
Then you would still be mine  
And I wish you would (I wish you would)  
I wish you would (I wish you would)  
I wish you would (I wish you would)  
I wish you would (I wish you would)  
I wish you would (I wish you would)  
I wish you would (I wish you would)  
I wish you would (I wish you would)  
I wish you would (I wish you would)  
I wish you would
