Yeah, yeah, yeah
My mind, read my mind

Strolling past my table ah ah
Like something from a dream oh
You got my senses whirling, ah ah
You stole the breath from me

Extra sensory overload,
My heart is beating fast
My world it keeps on spinning,
My heart's still beating fast
Gotta make a move right now, now, now
Can't let this moment pass,
Right now, now, now, now

Follow me, follow me, follow me,
Follow me down to the floor
If you could read my mind,
You'd be begging for more
On the table against the wall
You'd lock up all the doors
You've never met a freak like me,
If you could read my mind

Follow me, follow me, follow me,
Follow me down to the floor
If you could read my mind,
You'd be begging for more
On the table against the wall
You'd lock up all the doors
You've never met a freak like me,
If you could read my mind

I may be cold on the outside, ah ah
But I'm burning up inside, oh
I got some x-ray vision, ah ah
I'm gonna make you mine

Extra sensory overload,
My heart is beating fast

My world it keeps on spinning,
My heart's still beating fast
Gotta make a move right now, now, now
Can't let this moment pass,
Right now, now, now, now

Follow me, follow me, follow me,
Follow me down to the floor
If you could read my mind,
You'd be begging for more
On the table against the wall
You'd lock up all the doors
You've never met a freak like me,
If you could read my mind
[x2]

Come a little closer I may just take my time
Let you chase me 'til you're caught is what I have in
mind
Come a little closer, I may just take my time
Let you chase me 'til you're caught, is what I have in
mind

Follow me, follow me, follow me,
Follow me down to the floor
If you could read my mind,
You'd be begging for more
On the table against the wall
You'd lock up all the doors
You've never met a freak like me,
If you could read my mind
