P-Town led the fair where I move the pounds
Now I'm coming and runnin' your city unannounced
So don't get clowned when we come around
We so down to earth that we underground
I'm puffin' on the green while you're smokin' shit brown
Cuffin' to the team compound lock down
I'm aside my krown throwin' strike for the mound
Keep it tight wound like two blood hounds
I'm gettin' so profound we make the haters frown
Got your girl beggin' me to be gagged and bound

With the bubble berry blue you're through

Livin to the party high to the bone
