I live the long life  
To get to where I am right here  
I walk the long road  
With just the wind in my hair  
All I have is my smile  
I began to lose track  
I walked on for miles  
And I never looked back  
Iâ€™m not the kind of guy To get left out in the cold  
(left out in the cold)  
Walked on forever And Iâ€™ll never grow old  
Donâ€™t wanna live the real life  
Working nine to five  
Find a piece of paradise  
Finally feel alive  
I live my life to the fullest  
I have no regrets  
Iâ€™d have to stack the deck  
To win all my best

*[Chorus]*

I feel a fire burning  
Deep inside my soul  
(deep inside my soul)  
I hold onto my destiny  
And Iâ€™ll never let it go  
Cuz I live my own life  
Found what I set out to  
And Iâ€™ll never look back Because I found paradise  
Devote my whole life to  
Never giving up again  
Follow your heart, your mind, your soul  
Hold onto your dreams  
And never let them go

*[Repeat Chorus]*

I count the minutes  
Til I can run away  
A little love and affection  
If you can feel the same way

Put your arms around me  
And I'll show you the way  
Wanna change your destiny  
Re-write ancient history  
*[Repeat Chorus]*

I feel a fire burning  
Deep inside my soul  
(deep inside my soul)  
I hold onto my destiny  
And I'll never let it go  
Cuz I live my own life  
Found what I set out to  
And I'll never look back Because I found paradise  
Devote my whole life to  
Never giving up again  
Follow your heart, your mind, your soul  
Hold onto your dreams  
And never let them go

*[Repeat Chorus]*

But I know  
I've been searching for  
That place to call my own  
All of my life  
It's been in my soul  
Now I know (know know)  
Cuz I live my own life  
Found what I set out to  
And I'll never look back (and I'll never look back)  
Because I found paradise  
Devote my whole life to  
Never giving up again  
I found paradise  
(I found what I set out to)  
Found what I set out to  
(forever and ever and ever)  
And I'll never look back again  
I found paradise  
Devote my whole life to  
Never giving up again  
(never giving up again)  
I live my own life  
Found what I set out to  
And I'll never look back because  
I found paradise  
Devote my whole life to Never giving up again
