"Lonely Man"

I wake up alone early in the morning
And I don't know where I am
Last night I drank my pain away
Today I am a lonely man
You are breaking my heart
You destroy my soul

Please come back to me
Listen to me, I've got something to say
Please come back to me
I love you still like on the first day

Why you don't love me anymore
I did everything for you
My friends tell me "forget this whore"
But it's not so easy
You are breaking my heart
You destroy my soul

Please come back to me
Listen to me, I've got something to say
Please come back to me
I love you still like on the first day

Now you love another man
I keep asking myself why
To live without you is very hard
Now I want to die
You are breaking my heart
You destroy my soul

Please come back to me
Listen to me, I've got something to say
Please come back to me
I love you still like on the first day

Please come back to me
Listen to me, I've got something to say
Please come back to me
I love you still like on the first day

I love you still like on the first day

I love you still like on the first day
I love you still like on the first day
I love you still like on the first day
