Come to me, I've got much to say  
About rainbows and needless keys  
Let's act the pope or burn the dope  
Or let us discard the hope

You're the kind of people I want to hack  
Like I do with my plastic bag  
You're the only people I want to hack  
Like I do with my plastic bag

Now it's raining, I'm standing here  
I can't field it, oh my dear  
I need petrol for my car  
It's my experience so far

You're the kind of people I want to hack  
Like I do with my plastic bag  
You're the only people I want to hack  
Like I do with my plastic bag

This is a pointless conversation  
Flying through the circulation  
It makes no sense, it's just a crap  
But no we've got one more track

Now it's raining, I'm standing here  
I can't field it, oh my dear  
I need petrol for my car  
It's my experience so far

You're the kind of people I want to hack  
Like I do with my plastic bag  
You're the only people I want to hack  
Like I do with my plastic bag

This is a pointless conversation  
Flying through the circulation  
It makes no sense, it's just a crap  
But no we've got one more track

This is a pointless conversation  
Flying through the circulation

It makes no sense, it's just a crap  
But no we've got one more  
One more, one more  
But now we've got one more track
