Now I'm looking up to the sky
Just to ease myself
I feel the cold until my toes
Something gives me hell

And I wonder that I'm not well yet
I kill five hours again
I remember the day and close my eyes
I can't get you out of my head

Raped by my minds
I'm lying on the dirt
The plants can't grow up when I'm suffering
Don't destroy my world

Everything could be easy
And the sun could shine on my head
But my love is like the vegetation
You destroy it if you don't have care

And you wonder that I'm not well yet
You can't read the message I send
I remember the day and close my eyes
I can't get you out of my head

Raped by my minds
I'm lying on the dirt
The plants can't grow up when I'm suffering
Don't destroy my world

Now I'm looking up to the sky
Just to ease myself
I feel the cold until my toes
Something gives me hell

But today I now what to do
I stop to look up to the sky
I take the seed, throw them to the dirt
And I wait a few days for a new life

Raped by my minds
I'm lying on the dirt

The plants can't grow up when I'm suffering
Don't destroy my world
