Who steals my heart without breaking, it's you
Who lets me wake up happy every morning, it's you
Who causes the smile in my face everyday, it's you
Who keeps me in her arms in times I need, it's you

Girl, I hope you understand, it's you
I can't forget your smile, no matter what I do
I love your voice, I love your hair, I love to see you
everywhere
I hope you also love me and I hope you care

All you need is true love
Go to place you find it, don't waste your time
All you need is true love
Go to place you find it, I hope you'll be fine

I try to do best just because it's you
This love wishes away all my pain because it's you
Don't forget that I'll be there for you
Don't reject my love 'cause I need you

Girl, I hope you understand, it's you
I can't forget your smile, no matter what I do
I love your voice, I love your hair, I love to kiss you
everywhere
I hope you also love me and I hope you care

All you need is true love
Go to place you find it, don't waste your time
All you need is true love
Go to place you find it, I hope you'll be fine

You've got the choice, it's up to you
I can't affect what you do
Believe me girl, or I'll go
Take it or leave it alone

All you need is true love
Go to place you find it, don't waste your time
All you need is true love
Go to place you find it, I hope you'll be fine

All you need is true love
Go to place you find it, don't waste your time
All you need is true love
Go to place you find it, I hope you'll be fine

All you need is true love
