I got a burning here inside of me
Never felt like this, never felt like this
I think I know what is coming for me
And there's no stopping it, just no stopping it
Over my head, I can't give it up
What if I said, it's bigger than the both of us
Yes it's bigger than the both of us.
I turn away when all i see is you
I see your face, telling me it's true
I can't remember, anything before
I just can't ignore

Your love is irresistible
There's no other way
Your love is irresistible
Don't you ever change

Some people never get to feel like this
they try and try and never find
but looking at you i know this is it
it feels so right, i feel so high
i wanna tell you, tell you what i feel
i wanna hold you, baby this is real
i can't remember, anything before
and now i can't ignore

Your love is irresistible
There's no other way
Your love is irresistible
Don't you ever change

Now I'm way over my head I'm falling
Got a love with no regret it's calling

Your love is irresistible

Your love is irresistible
There's no other way
Your love is irresistible
Don't you ever change
