Right to the end
Right to the end
Hearts run right to the end
Right to the end right to the end

Hearts run right to the end
People come home you don't need to be scared
'Cause you gonna love
You gonna love again
Hearts run right to the end
People come home you don't need to be scared
'Cause you gonna love
You gonna love again

[Chorus]
You're gonna love
You're gonna love
You're gonna love again

You're gonna love
You're gonna love
You're gonna love again

Love again

[Verse 2]
Take a chance on a broken heart 'cause we're starting
again

We gotta try even if it's hard
Try baby to understand
To find a rainbow in every storm, you gotta believe
Don't ever doubt that you do belong now
'Cause it started with you
It started with me

Hearts run right to the end
You're gonna love
You're gonna love again
Love again
Love again
You're gonna love

You're gonna love again

Hearts run right to the end
People come home you don't need to be scared
'Cause you gonna love
You gonna love again

[Chorus]
You're gonna love
You're gonna love
You're gonna love again

You're gonna love
You're gonna love
You're gonna love again
