Fix me, kiss me, break me, tear me apart.
Hold me, love me, mend me, give me your heart.

Fix me, kiss me, break me, tear me apart.
Hold me, love me, mend me, give me your heart.

How many roads did I walk down before I knew I was lost and broken?

They all lead straight to you.

Our pretty Frankenstein that you taught how to smile.
I'm coming undone, you've got, got to make me new.

I got my skin, got my bones,
But I, I'm bare enough a soul.
My arms stretched out before you.

I am every broken girl living in tainted world
You can put me back together, won't you take me home? You can fix me up.

I am every broken girl caught up in a deadly world
You can put me back together, give me a home, you can fix me up.

Fix me, kiss me, break me, tear me apart.
Hold me, love me, mend me, give me your heart.

I tried to talk to God, but I'm talking to myself.
Through the silent echoes, you can hear my voice,
The plasters and the pills, the stitches and the drills.
Trade my clock for your heart, I'm not like other toys.

I got my skin, got my bones,
But I, I'm bare enough a soul.
My arms stretched out before you.

I am every broken girl living in tainted world
You can put me back together, won't you take me home? You can fix me up.

I am every broken girl caught up in a deadly world
You can put me back together, give me a home, you can fix me up.

Fix me up or break me now,
Oh, you know how.
Fix me up,
I won't go back, I won't go back, no.

(Fix me, kiss me, break me, tear me apart.
Hold me, love me, mend me, give me your heart.)

I'm coming home, I'm coming home.
I'm coming home, so you can fix me up.

(Fix me, kiss me, break me, tear me apart.
Hold me, love me, mend me, give me your heart.)
