(Verse 1)

It beats so strong like a melody
Where do I belong?
You keep spinning me round, round, round
Don't want to come down, down, down
Love to play along in this harmony
Hear them sing our song
You keep making me dance, dance, dance
We got them in a trance, trance, trance

(chorus)

As good as gold
A traded soul
but I wouldn't change a single thing
My only friend
Let's dance again, but
Please Don't Break my Porcelain heart(x3)

(Verse2)

Never felt so much electricity
You shot her down don't do that to me
bang, bang, bang
Just because you can, can, can

We kicked off so quick
too much chemistry
I need my seatbelt fixed
You're making me learn, learn, learn
to love the way it burns, burns, burns

(chorus)

As good as gold
A traded soul
but I wouldn't change a single thing
My only friend
Let's dance again, but
Please Don't Break my Porcelain heart(x3)

You're breaking my... (X4)

(chorus)

As good as gold

A traded soul
but I wouldn't change a single thing
My only friend
Let's dance again, but
Please Don't Break my Porcelain heart(x3)
