All of our times have come again
Raped by the selflessness of man
Shadows enter as night falls
Light fades as happiness crawls

Dive into a sea of sorrow
Drowning, no end in sight tomorrow
Loneliness, all ties are broken
Pride in hope with arms wide open

Can you break me free?
Caged in no hope for me
Fire burns cross the lake
All hope is forsaken

Forsaken
Forsaken

Fire burns, the ashes smolder
Time grows short; our minds grow bolder
Dive into a sea of sorrow
Drowning, no end in sight tomorrow
Tomorrow
Tomorrow
Tomorrow
